Professional Experience

Frontend Developer
Rugaa Infotech [Chennai, Tamilnadu]
05/2024 – present
• Built and maintained scalable web applications using **React.js**, **CSS**, and **Bootstrap**, ensuring excellent cross-browser compatibility and responsiveness.
• Built reusable components, managed state effectively using **Redux**, and optimized performance using React hooks and lifecycle methods.
• Integrated RESTful APIs with **Axios** and handled secure data exchange with proper token-based authentication.

Projects

05/2024 – present
• **Lease Portfolio Management System**: Developed a responsive frontend for managing real estate lease portfolios using **React.js** and **Redux**. Integrated RESTful APIs for dynamic data handling and implemented reusable components for features like lease tracking and payment schedules. Optimized performance with React hooks and lazy loading.
• **Visaka E-Kart**: Designed and implemented a modern e-commerce platform with **React.js** and **Redux Toolkit**, featuring product catalogs, cart management, and checkout functionality. Integrated payment gateways and ensured responsiveness across devices.
• **Technologies Used** : **React.js**, **Redux**, **Axios**, **Ant Design**, **CSS3**

Achievements

• **Shakthi Steels Company Branding**: Successfully completed a company branding project in **6 months**, delivering a modern and cohesive digital presence. Developed a responsive website using **React.js** to showcase the company's products and services, integrated contact forms, and optimized the UI for an engaging user experience. Ensured scalability and seamless performance.
• **Athletics Excellence**: Secured top positions in college-level running competitions, demonstrating perseverance, discipline, and a competitive spirit.
